*"Your South African
Safari Starts Here !"*

Arriving at the Airport

Bull's Eye Safaris will be at the airport on your arrival in South Africa. We have prepared the following steps below that you can follow to ensure that your arrival runs smoothly.

Steps to follow when you arrive at the airport:

1. Claim your luggage.
2. Ask the police at customs inside where to sign for your rifle.
3. Go to the arrival lobby where we will meet you. (As you exit through the glass door, turn right. You will meet us at a thick pillar on your right.)
4. We will then take and assist you to receive our rifle.
